***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: the examiner has considered applicant's response filed April 24, 2006 and the declaration under Rule 1.131 filed therewith. The U.S. patent application publication to Llewellyn, relied upon by the previous examiner of record, was abandoned. Therefore, the Rule 1.131 declaration is rendered moot. The closest prior art of record fails to teach or fairly suggest a dicreatine salt comprising an anion of a dicarboxylic acid, as claimed herein. Accordingly, the instant claims are now allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sikarl A. Witherspoon whose telephone number is 571-272-0649. The examiner can normally be reached on M-F 8:30-6:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Thurman Page can be reached on 571-272-0602. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
